TO NEW BEGINNINGS!

MESSAGE FROM THE MANAGEMENT:

Welcome to the first newsletter of 2021, sent jointly now by the management of Fairwinds Management Limited and A+A Assurance Services Ltd. A new year means new challenges, however, similar to 2020, throughout this year we will still face challenges put upon us by the COVID-19 pandemic. Although this pandemic keeps on providing evolving perspectives, thanks to the experiences we have gained in the past 12 months, we are confident that businesses will start facing better economic times anytime soon and get back on their feet.

Excluding the fact that unfortunately some businesses had to close, the main reason behind this is that entities were proactive to rethink their business position and adapt it to the new lifestyle. This enables them to better their position within this competitive society and start looking ahead with positivity.

From the very first days that COVID-19 cases were found in Malta, our teams have helped businesses to survive by restructurizing, while proposing an employee voluntary salary reduction plan. Through [consultancy and business advisory](#), our teams are still assisting clients and businesses to adapt and be in line with the current circumstances. Such support includes company restructuring, mergers, business planning, forecasting and budgeting, while also assisting in the applications for COVID-19 schemes. Ultimately, the aim of our companies is to offer peace of mind to companies during such challenging times.

We would like to take this opportunity to wish all our female readers all the best for Women's Day, being celebrated in the next few days, on Monday 8th March.
